

Training on dairy processing and practices

Winrock International, Ace Development Bank Limited and Sahara Nepal jointly organized training on dairy processing and practices from 27th April to 30th April, 2017 in Dudhe of Jhapa. Cream separation, pasteurization, diversification of milk products, necessary equipment and investment for dairy farm, storage, and viable use of renewable energy technologies in dairy farm were some of the topics covered. In addition, exposure visit was organized on 30th April to give practical knowledge to participants along with classroom lectures. Participants visited Sankalpa agro-vet of Morang, Kamadhenu Sahakari Sansthan of Sunsari, Purbanchal ice-cream Udhyog of Sunasari and Dugdha Bikas Sansthan of Morang. In total 21 participants proactively attended the training on viable RETs to meet the energy demand in dairy farm with accessible financing model.
